## The Dead Are Being Raised In Canada

How many times do we get so focused on our own problems that we fail to notice the pain in others? I have seen so much pain over the years that I thought I had at least an idea of what true pain and suffering was.

However, it wasn't until recently while ministering in Canada in a First Nations Church that I began to see suffering on a whole new level. It is one thing to suffer with pain and rejection and need and starvation and physical abuse...but it is another thing to completely lose hope. The hopelessness was so great in one First Nation settlement that eleven deaths were reported in the past three months. Many of those deaths were suicide because they saw no hope for their lives. A report came to me while ministering one night that fifteen hundred people were moving from their village all at one time into the city because of hopelessness.

As desperate as many of the First Nation people are there is a move of God going on in some of their settlements. As a matter of fact many of the tribal chiefs are being born again and the same miraculous things are happening there as it did in the book of Acts.

I had the privilege of meeting a very humble First Nations man that had raised four people from the dead. Arrangements are now being made for me to begin working with some of the First Nations folks and I am very excited about it.

## Lighter Moments

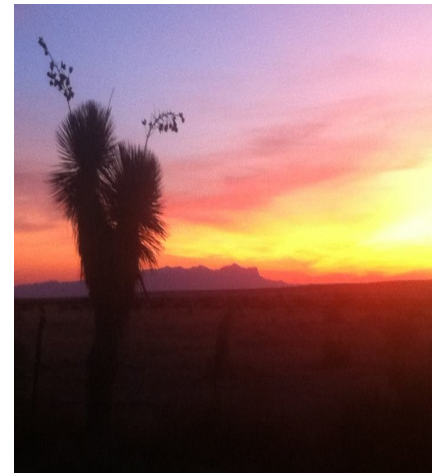

**Resting after walking ten feet –Eating after listing to me preach –**

**Learning to do the two-step while looking at as water bottle.**

**Praising the Lord sitting down - When all else fails use your charm**

**At the end of the day rest knowing you did your best.**

If it appears that we are not taking the work of the Lord as serious as we should...I will assure you that is not the case. Brother Jared Worby has given his life to the mission fields of Romania. Bill Davidson has known nothing else but to sacrifice his entire life to saving the lost and healing the wounded. Todd Wesphal is committed to the salvation of the Jews. For over fifty years I have not withheld anything from the Lord because He has not withheld anything from me. Our lighter moments of playing around is only a moment and then we are back to the work we all love so much and that is the work of the Lord. Thank you Lord Jesus for using ordinary people like us.

## How Big Do You See Yourself?

False pride has caused more men to fail than just about anything else. From the time of his youth man learns that bigger is better and he deserves the biggest piece of the pie. He began receiving all this revelation when he was a baby. When

he wanted something all he had to do was to cry out and presto it was there. As he grew older he soon learned that he could also get what he wanted by fighting others and taking it away from them.

When he became a

man pride set in so therefore his new weapon became intimidation. The progression of crying as a baby to fighting as a young man to intimidation has made him a prime candidate for false pride which can lead to destruction.

## Watch Out Texas, Jaime Is On Fire!

I do not remember there ever being a hotter summer in Texas than 2011. The heat and the lack of rain has destroyed thousands of acres of vegetation and set the stage for fires to consume billions of dollars worth of property.

However, there is another fire that is now raging in Texas and that is the fire of the Holy Ghost in pastor Jaime.

As things were destroyed by natural fires...things are now being made alive by spiritual fires. According to pastor Jaime 'the gates of hell will not prevail.' Therefore my suggestion is that all of us had better put on our asbestos suits because Jaime is setting a Spiritual fire everywhere he goes.

**Note: There are so many things happening in AIM right now that we need for everyone to lift us up in prayer. We want to be faithful to do what we feel the Lord has called us to do. We especially need wisdom in our individual ministries as well as AIM in general.**

# The Fields Are White Unto Harvest

Say not ye, “There are yet four months, and *then* cometh harvest? behold, I say unto you, Lift up your eyes, and look on the fields; for they are white already to harvest.” (John 4:35)

When the Lord said that “the fields are white unto harvest,” I am not sure that I fully understood what He meant until I personally experienced it. I preached on this subject for years thinking I knew what it meant but it wasn't until recently that I began to see with my own eyes what white harvest fields really look like. Even though masses of people are not coming into the kingdom right now I still see and hear the sounds of the harvest combines. Preaching about the harvest and living it is two different things.

I am doing more right now outside of the US than ever before and I need those who have a heart for the kingdom of God to partner with me in this great mission effort. Those who can go to the mission fields of the world should go but many have a heart for mission work but are unable to go.

If your heart is for missions but you cannot go then you can partner with me as I go. You can contribute to this great effort by sending your donations to **Elijah International Ministries, 142 Camellia Way, San Antonio, Texas 78209** or go to [www.johndean.org](http://www.johndean.org) and make a **donation on my website.**

It is a joy to have Mike and Suzy Mitchell join the AIM team. I am especially happy to have fellow Texans work along side of me in the work the Lord has called us to. Welcome aboard Mike and Suzy!
