The Focus of God On Budapest

Each time I go to Budapest the Lord seems to open my eyes wider to the bigger picture of what He is doing there.

I have always known that each large city had a spiritual influence in its surrounding areas. However, the Lord has shown me that Budapest is one of seven cities (or spiritual ports); in the world that has a much broader influence than the normal big city.

I never thought in these terms before but apparently

the Lord has established these key cities (areas) in the world as spiritual umbrellas covering other large cities.

As a matter of fact, Budapest not only has an influence over the country of Hungary but also into the seven surrounding countries. This puts a whole new perspective on our prayers for Budapest.

The concept of this larger umbrella of influence certainly gives a new challenge to our prayers for Budapest as well as the seven bordering

countries. I would certainly encourage intercessors from around the world to pray for Budapest as well as for the faithful prayer warriors of Budapest. Many of these prayer warriors have been on the front lines for years expecting a move of God in Budapest. The magnitude of the spiritual responsibility is large but the outpouring of God's Spirit is going to be even larger.

Award Winning Goulash

Randy Sandusky

Award Winning Goulash Champion of Romania

While on my trip to Budapest I spent some time in Romania with Brother Jared Worby. While there I had the privilege of being invited out for dinner following a church service. All who live in this small town are farmers and most of them do things the old fashion-way. That day I was privileged to watch the award winning Goulash Champion of Romania make his famous goulash. He cooked over an open fire with the pot hanging on a chain. This process took a couple of hours but it was worth the wait. I am sure I have never tasted anything quite as tasty as this goulash. As a matter of fact it would almost be worth the trip back to Romania just to have another steaming bowl of this delicious goulash.

Sonrise Baptist Church Goes to the Mission Field

I want to publically thank Sonrise Baptist Church for voting to support the mission work in Budapest and other mission fields that I am involved in. Without ministry partners such as these who have a vision and a heart for the great commission it would be very difficult to do what I am called to do. As a result of their financial help and prayer support the kingdom of God will be richer. No one can stand alone in the ministry today. We need each other and that has been the plan of God from the very beginning.

Thank you again Sonrise Baptist Church for partnering with me in the 'Great Commission'. We will go forth and we will succeed by robbing hell and populating heaven.

Church or Churches

Today when referring to the body of Christ in a certain area one normally uses the plural term...churches. In the New Testament one referred to the church in the singular... such as the church of Jerusalem or the church at Antioch and so on.

I must admit that the apparent division in the body of Christ has caused me some concern. If the church truly is fragmented then that of course would make it weaker and less effective.

While spending time meditating on the 'Body of Christ' issue, I remembered that there was a time when the children of Israel looked fragmented as well. However, when it came to war and worship all the families, clans and tribes came together as a nation for one purpose. Each group brought their individual banners with them as their identity. The thing that made them come together as a nation was purpose.

Perhaps what looks like fragmentation in the church today is not fragmentation at all. It could be only individual parts of the body functioning in its unique areas of responsibility. However, when it comes to war and worship the body of Christ (the church) will come together as one as the children of Israel came together.

If that is the case then one would conclude that it is not necessary for the body of Christ to come together only for the purpose of being referred to in the singular. The fact is we are the body of Christ regardless of how fragmented we may look. Even though Jesus was the entire 'five-fold ministry' yet He chose to release an individual anointing. (Ephesians 4)

Mission Field Partners

There are many people who would love to go to the mission fields of the world but do not have the call of God to go. Others like me are called to the mission fields but need financial partners as well as prayer partners.

God is doing some phenomenal things around the world right now and He has allowed me to be a part of those things. I want to encourage each of you to pray about becoming a financial partner as well as a prayer partner for this great work.

One hundred percent of the mon-

ies received will go directly into the mission budget. At the end of each year a tax deductible statement will be sent in recognition of your giving.

Partners should make out their mission investment check to **Elijah International Ministries** and send it to **John Dean, 142 Camellia Way, San Antonio, Texas 78209.**

Thank you for partnering with me as we build the kingdom of God together.

Women in Ministry

This wonderful team of ladies arrived in Romania shortly after I arrived. They are from Scotland and they came to Romania to conduct a Women's Conference. They are wonderful hand maidens of the Lord who truly are His hands extended to a needy world.

The two ladies to the left gave up their personal lives back in the states to go to the mission field for the sake of the kingdom. The lady on the left is originally from Iowa but has ministered in the Ukraine for many years. The lady on the right is from New York and is now leading a great work in Budapest. I bless these ladies as they continue to be faithful to the work that God has put in their hands.

Pastor Bill Murchison Invades NM with the Gospel

I had the privilege of holding a Prophetic Conference in Tijeras, NM on June 17-19 for Pastor Bill Murchison. Bill and I have been friends for twenty-five years.

The expectancy for the move of God in the conference was at an all time high from the very first night. The people were spiritually sensitive from the beginning and flowed in the Spirit in every session. Heaven really did come down and glory filled all of our hearts.

On Sunday morning I or-

dained Pastor Bill into the AIM family of ministers. I look forward to our working together in building the kingdom of God.

Please pray for Bill and his family as we work together in expanding the ministry team in the church as well as in the state of New Mexico. I am believing for great things to happen in that state as a result of the work done by Bill and Karen Murchison.

Be blessed brother Bill because good things are on the way!

In Colorado with Pastor Randy Sandusky

I had a wonderful time with Pastor Randy Sandusky and his wife Sug on May 10-12. Randy pastors a church in Divide, Colorado. Randy is one of the most faithful men of God I have ever known. He ministers in a very difficult area yet he is faithfully building the kingdom of God while tearing down the walls of Satan in the process.

I want to encourage everyone to put the Sanduskys on their daily prayer list. Pray for an open heaven not only over his church but also in the region where God has given Randy a 'Measure of Rule.'

I believe this is the time that God is going to start connecting leaders of the same Spirit in that part of Colorado for the purpose of strengthening the entire body of Christ in their region. Keep up the good work Randy!
